

ABIDE IN TRUTH

An Update from Randy & Kari Saul in Kisii, Kenya

Prayer and Praise!

Hey Everyone!

Two years ago, overwhelmed by my prayer list, yet feeling called to be faithful in praying, God led me to categorize and spread it out...

Sunday - THE Church, Pastors, and Israel

Monday - Missions and missionaries

Tuesday - This ministry in Kenya

Wednesday - Salvation and restoration of the prodigals

Thursday - CCPH, CWT, CCSP, CFO (the fellowships, ministries, needs and prayer requests from)

Friday - Family and friends

Saturday - Governments and the persecuted church. Endurance and strength in the end times.

TODAY - I am praying for and offering praise for what God is and has done. Please join me today... We need prayers for the following:

- our classes begin this week
- we look to add 950 more hens over the next month
- we begin the 2:7 Discipleship with our KEP guys

He's here!

It's kinda like he's always been here... Craig Esboldt has joined us in ministry on this side for 2015.

Last year God moved his heart, he contacted us, and before we knew it, his house sold, his business sold and he was packing his bags.

Craig is spending time with our Kebabe Egg Project (KEP) guys daily, encouraging them in the Word in the morning devotions. He's there for the evening devotions and they have come to love him. No one can quite say his name right but he's learned to answer.

Praise God with us for this answer to prayer. Pray God continues to define his role as we begin classes this week. Pray for the class he is beginning this Saturday in the village. And pray for his permit process.

Once again, we see God's hand!

Randy & Kari
